

# Product Specifications

## Gray Multi Purpose Primer

Part Number Z8072  
Category Number 6180  
UPC 036333080723

High quality, non-lifting primer ensures good adhesion with the top coat finish.

### Physical Characteristics

|       |        |
|-------|--------|
| Type  | Primer |
| Color | Gray   |

### Packaging Details

|                       |             |
|-----------------------|-------------|
| Container             | Aerosol Can |
| Aerosol Can Size (oz) | 16 oz       |
| Volume                | 11 oz (net) |
| Standard Qty          | 1           |
| Master Qty            | 12          |
| Price Per             | 1           |
| Package Length        | 2.70        |
| Package Width         | 2.70        |
| Package Height        | 8.20        |
| Package Weight        | 1.17        |

### Performance Data

|                       |                                                                                                                                      |
|-----------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Applications          | Preparatory Measure Whenever a Quality Finish is Desired Over Metal or Wood                                                          |
| Operating Temperature | 00°F to 85°F                                                                                                                         |
| Flammability          | Flammable                                                                                                                            |
| Flash Point           | < -0°F                                                                                                                               |
| Dry Time (min)        | 10 Min                                                                                                                               |
| Dry Time Tack Free    | 30 Min                                                                                                                               |
| Special Features      | Primer Bonds Extremely Well to Bare Metal, Preventing Rust Corrosion. Provides Adhesion for Maximum Cohesion With Final Top Coatings |
